

When my child comes into school, what will it look like?

Throughout the outbreak of Covid-19, our first priority has been, and continues to be, the wellbeing of all of our Fritchley families and our staff.

Who is school open to?

We have currently welcomed keyworker/vulnerable children and Year 6 children back into school.

The children are working in two 'bubbles'. These bubbles are kept separate during the day and the children within the bubbles play together at lunchtime.

As we have limited child care places available if you require a place please reply to the text message that is sent out on Thursday by Friday for the following week.

We are unfortunately unable to welcome any further year groups back into school before we break up for the summer holidays due to lack of space in school to do this safely.

Should you have any further questions regarding your child coming into school, please do not hesitate to contact us via email or telephone.

What will the children need?

Must haves:

- ☺ Clean, comfortable clothes and shoes suitable for outdoor activities
- ☺ A waterproof coat (if wet) 
- ☺ Sun cream applied before coming to school and hat brought in if hot
- ☺ Water bottle

DO NOT BRING:

- ☺ Their reading book.
- ☺ Any of the books you've been working in at home.
- ☺ Anything you don't need e.g. things to show their friends, books.
- ☺ Anything to share.
- ☺ Their PE kit

At their workspace, children will find a tray with everything they need in it for the day. Bags & coats are kept at the children's work stations.

Mental Health and Well-Being

The children follow a timetable of different activities which include downtime activities such as yoga/exercise, play and time on their iPad. The initial focus when teaching in the bubbles, will be on supporting personal, social, health and emotional aspects of learning to support wellbeing and will also make use of our outdoor learning environment as much as possible to help with this. We will of course ensure that skills in English and Maths continue to be developed during more focussed activity time.

We are currently working hard to ensure that children, who are remaining at home, get access to similar content available on ClassDojo.

During lunchtime, the children will sit at designated tables to eat. Our Keyworker/vulnerable children have their lunch first in the hall or classroom, where their base is. When they have finished they go out to the playground while the Year 6's collect their lunch and return to their classroom to eat it. As soon as our Keyworker/vulnerable children return into school after lunch, our Year 6 children go onto the playground for their playtime.

During the day in school and also at playtimes all of the children are actively encouraged to maintain social distancing.

What will school is like during Covid-19?

When you do attend school, there are some new protection measures in place. We understand that some of these might seem a little strange at first, so please read on to see how you can help us keep everyone safe.

Please drop your child off at the gate in the morning. The approach to gate is marked out with 2m spaced lines.

Keyworker/vulnerable children go straight into the hall.

Year 6 pupils walk around the side of the building (past Haddon and Hardwick) and up the ramp. If you're with Mrs Devonport you'll come straight in Chatsworth and if you're with Miss Johnson, keep going to the cloakroom door and then through to Wingfield classroom.

⇒ Keyworker/vulnerable and Year 6 children are assigned a seat at their own table which they'll stay in for the majority of the day. All tables are spaced two meters apart.

⇒ Hardwick Classroom - Reception children

⇒ (keyworker or vulnerable children)

⇒ Haddon Classroom—Year 1/2 children

⇒ (keyworker or vulnerable children)

⇒ Wingfield Classroom—Year 6 children

⇒ Chatsworth Classroom—Year 6 children

⇒ Hall—Keyworker or Vulnerable children

We will ensure that all adults and children:

- ☺ frequently wash their hands with soap and water for 20 seconds and dry thoroughly
- ☺ clean their hands on arrival at the setting, before and after eating, and after sneezing or coughing
- ☺ are encouraged not to touch their mouth, eyes and nose
- ☺ use a tissue or elbow to cough or sneeze and use bins for tissue waste ('catch it, bin it, kill it')
- ☺ wash their hands or use sanitising gel after playing outside

Year 6 children will be using the normal junior toilet but only one person can go at a time. Miss Johnson and Mrs Devonport will be letting each other know if anyone pops to the toilet so you don't bump into anyone from the other bubble.

Infant children will use the toilets accessed through Haddon classroom but only one child at a time.

Junior children will use the disabled toilet in the entrance corridor.

Look out for the videos coming soon showing you what the children's learning spaces look like in school.
